Bulletin for the week of October 24, 2021 VOL 26/73 NO 43

**Can You Give Me
a Definition?**

For many years I saw test questions that said, “Match the following words with their definitions” or, “In your own words, define” a certain word. I recall getting a student dictionary in school in order to help me when I encountered words I did not know. Some people like to use large words to come across smart and others use them to convey thoughts and meanings in a more detailed manner.

Even today there are times where I do not know what a word/slang/or abbreviation means and I have to look it up. Sadly, when I look at the world around us I fear there are some definitions which are at danger of being lost. Most notably that of what truly is a Christian. Simply put a Christian is someone who follows Christ. Now, that may bring up a question of how do we follow Christ and for that I suggest the entirety of the lessons we have been studying!

The world views Christians as one thing or another and if I am being honest it will be hard to change that perception which has hundreds of years built upon it as well as continuing examples today. What those who have put Christ on in baptism for the remission of sins are tasked with is to show what the true definition is. I need not some dictionary entry but the Word of God to show me what a Christian is. We are not called to be emotionless nor without a single mistake for that is impossible.

Look to our Lord and Savior, our Creator and King for perfection. While on this earth he dealt with all we could go through in our lives. Ephesians 5:1-2 says, “Therefore be imitators of God, as beloved children. And walk in love, as Christ loved us and gave himself up for us, a fragrant offering and sacrifice to God.”
