Springtime!

By Ben Rominske, minister

The weather has been quite interesting in the past week. We have had snow and then almost 70 degrees in mere days. While it is true that we have officially entered into spring on the calendar, hopefully we have many warmer days ahead. Maybe you have been thinking about spring time for a while given you don’t like colder weather. At the very least it should be on your mind now.

Though in this article, we will be talking about a different type of spring. I cannot help but be a scientifically minded person and so when I think of spring, I think of the metal coils. The Slinky toy is a popular and well-known example. When thinking about springs, we have how much it moves and a number that remains constant which allows for calculations. For us this morning what we are focusing on is the movement and that which is constant.

Isaiah 54:10-11, ‘For the mountains may depart and the hills be removed, but my steadfast love shall not depart from you, and my covenant of peace shall not be removed,’ says the Lord, who has compassion on you. ‘O afflicted one, storm-tossed and not comforted, behold, I will set your stones in antimony, and lay your foundations with sapphires.’”

In life we are so often tossed to and fro by all that we go through. A spring’s movement should remind us of our movement through life as well as all that occurs around us. The mountains and hills may move but God’s steadfast love shall not depart. That is the constant we have in our lives. Now, it is our choice whether or not we move towards him or away from him. So in this time of our clocks springing forward, let us spring towards our Creator.
