Announcements

Bulletin for the week of March 5, 2023 VOL 28/75 NO 10

You might be a morning person, maybe you still work or have worked nights/ long shifts, or maybe you just can't wake up without that cup (or two) of coffee in the morning. For many people there is just nothing that comes close.

Some people like to drink tea for a natural source of caffeine instead of coffee and others choose various energy drinks and the like. Bottom line is that people love caffeine. Yet if so many swear by starting their day with coffee and other caffeinated drinks, I wonder why God's Word isn't in that conversation as well.

If we need a good physical start to the day, how much more do we need a spiritual one? It was said recently by a preacher that God's Word stays with you unlike any other written work. God through Moses told the Israelites to talk of it when they arose, went through the day, and laid down (Deut. 6). That is a high level of dedication, but God's Word and the Christian walk are certainly worth it.

I challenge each of us for one whole week to read or listen to a verse or more 3 times a day. First, right when you get up. Last, right before you go to bed. For the third time, pick a period of the day in between those two that works best for you. Personally, I have found my days are far better with a constant dose of God's Word.
